

JH Mission Trip Options for Summer of 2010

****If the group chooses the Montana camp, the cost maybe a little higher because we may leave on Sat. and need to get a hotel.**

Option #1 – Youthworks Trip to Rapid City – June 13-18

Youthworks is the organization that we have partnered with the last 2 years. They do a great job of junior high only trips that are community service based. Rapid City is the location we have visited the past two years.

Things to consider...

JH only trip

Drive time (7 hours)

We know what we are getting.

Is going to the same location again viewed as a negative for those returning youth?

For more information on Youthworks, go to their website at www.youthworks.com
You can watch the video which is an option near the top right corner, or click on parents.

Option #2 – Youthworks Trip to Kansas City, MO – June 13-18

Again, Youthworks is the organization that we have partnered with the last two years. They do a great job of junior high only trips that are community service based. Kansas City would be a new location for us, but would have similar ministry sites.

Things to consider...

JH only trip.

Is drive time doable? 10-11 hours plus a time change on the way there. We would either have to consider a 2 day drive with overnight stay at church or hotel (possible additional costs) OR start our trip at 5:30AM.

We are still with Youthworks, but have a fresh location and new opportunities.

Option #3 – Group Week of Hope in Loveland, CO – June 13-18

This is a new consideration. Group is the organization that the Senior High has done trips with for several years. Their “Week of Hope” options are community service based. It is VERY similar to what Youthworks does as far as ministry opportunities, schedule, size, etc. Unlike Youthworks, they utilize a more “high tech” approach in their programming and they do combine junior high with senior high - though there are typically more JH than SH on these trips. Group will be flexible with us for ministry site placements as it relates to age.

Things to consider...

JH combined with SH

Short drive – creating distance while staying close to home.

New experience doing Week of Hope. Will we like as much? Will we like it more?

For more information on Group’s Week of Hope, go to their website at www.groupworkcamps.com/weekofhope

You might want to watch the video, or click on the Parents section for more information.

All three will cost approximately \$400 with slight differences for gas costs and possible stay at hotel for Kansas City trip.
